INDEX

to the Information Notes
on the Court's case-law

Index of the Court's case-law summarised
in the Information Notes during 2019

European Court of Human Rights

The Information Note contains legal summaries of the cases examined during the month in question which the Registry considers to be of particular interest. The summaries are drafted by Registry's lawyers and are not binding on the Court. They are normally drafted in the language of the case concerned. The translation of the legal summaries into the other official language can be accessed directly through hyperlinks in the Note. These hyperlinks lead to the HUDOC database, which is regularly updated with new translations.

An annual index provides an overview of all the cases summarised in each calendar year. To facilitate access to materials in the Information Notes, a running cumulative index will be updated online with each new edition of the Note. The cases summarised in the Information Notes are indexed by Convention Article, keyword, applicant name and respondent State. The Index also contains a list of cases which have been referred to or relinquished in favour of the Grand Chamber, and a list of cases from other European and international jurisdictions summarised in the Information Notes.

The electronic versions of the Note (in PDF, EPUB and MOBI formats) and the index may be downloaded at www.echr.coe.int/NoteInformation/en. Legal summaries published in the Case-law Information Notes are also available in HUDOC under the filter and links "Legal Summaries".

The HUDOC database is available free-of-charge through the Court's Internet site (<http://hudoc.echr.coe.int>). It provides access to the case-law of the European Court of Human Rights (Grand Chamber, Chamber and Committee judgments and decisions, communicated cases, advisory opinions and legal summaries from the Case-Law Information Note), the European Commission of Human Rights (decisions and reports) and the Committee of Ministers (resolutions).
