INDEX

to the Information Notes  
on the Court's case-law

Index of the Court's case-law summarised  
in the Information Notes during 2022

European Court of Human Rights

The Information Note contains legal summaries of the cases examined during the month in question which the Registry considers to be of particular interest. The summaries are drafted by lawyers under the authority of the Jurisconsult and are not binding on the Court. They are normally drafted in the language of the case concerned. The translation of the legal summaries into the other official language can be accessed directly through hyperlinks in the Note. These hyperlinks lead to the HUDOC database, which is regularly updated with new translations.

An annual index provides an overview of all the judgments and decisions summarised in each calendar year, filtered by Convention Articles and relevant keywords. To facilitate access to materials in the Information Notes, a running cumulative index will be updated online with each new edition of the Note.

The electronic versions of the Note and the index may be downloaded at [www.echr.coe.int/NotelInformation/en](http://www.echr.coe.int/NotelInformation/en). Legal summaries published in the Case-law Information Notes are also available in HUDOC under the filter and links “Legal Summaries”.

The HUDOC database is available free-of-charge through the Court’s Internet site (<http://hudoc.echr.coe.int>). It provides access to the case-law of the European Court of Human Rights (Grand Chamber, Chamber and Committee judgments and decisions, communicated cases, advisory opinions and legal summaries from the Case-Law Information Note) and of the former European Commission of Human Rights (decisions and reports), and to the resolutions of the Council of Europe’s Committee of Ministers.
